

# 5 Reasons to Choose Filtermist

For cleaner, safer, more productive workshops

[www.filtermist.com](http://www.filtermist.com)

## AT A GLANCE

Filtermist oil mist collectors efficiently remove oil and coolant mist, fume and steam in thousands of manufacturing operations around the world.

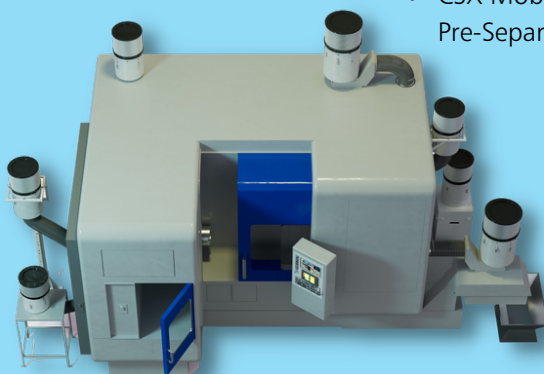

## COMPACT & LIGHTWEIGHT

Filtermist oil mist filters are known for their compact and lightweight design. This allows for easy installation in a variety of settings and helps to minimise the impact on the overall operation and footprint of the machinery or equipment. Additionally, the compact design of Filtermist filters can help to reduce the cost of installation and maintenance, making them a cost-effective solution for removing oil mist and other contaminants from the air.

## FLEXIBLE MOUNTING OPTIONS

The compact nature of Filtermist oil mist collectors means they can be directly mounted to the machine tool, or positioned using a variety of stands or brackets manufactured by Filtermist's in-house fabrication team. Mounting options include:

- Floor Stands
- Direct Mounting
- Machine Tool Brackets
- Wall Brackets
- Low Level Stand
- Horizontal Inlet Plenum
- CSX Mobile Stand With Pre-Separator

## EASY TO INSTALL

Filtermist oil mist filters are designed to be easy to install due to their simple mounting system. This makes them suitable for a wide range of applications and allows for quick and straightforward installation in a variety of settings.

## 5 YEAR WARRANTY

Every single Filtermist unit undergoes rigorous Quality Assurance checks during the assembly process to ensure it meets the highest standards and reaches customers in perfect condition. Filtermist is so confident of the build quality of its UK manufactured oil mist filters that it provides a 5-year warranty as standard with all new Filtermist units.

## TRUSTED BY WORLD LEADING MANUFACTURERS

Filtermist is trusted by world-leading manufacturers in a variety of industries, including aerospace, automotive, and machine tool manufacturing. Filtermist has a reputation for providing high-quality products and excellent customer service, which has helped to establish its position as a trusted and respected supplier of oil mist filtration solutions since 1969.
