

# Mobile Stand

A portable, modular stand designed for a variety of extraction requirements

**Need an oil mist filter that can move with your workflow?**

**Want to service your extraction unit without stopping production?**

**Looking for the ideal extraction setup for grinding applications?**

## ✓ Easy to move

Take your Filtermist oil mist collector wherever it's needed with minimal effort.

## ✓ Quick maintenance access

Reduce downtime with easy servicing - no need to stop machines.

## ✓ Optimised for grinding:

Especially effective when used with a cyclone pre-filter.

## Flexible. Efficient. Hassle-free.

The Filtermist Mobile Stand moves with your workflow, making it easy to position, service, and share one unit across multiple machines.

productive workshops

# Effortless extraction wherever you need it

Part of Absolent  
Air Care Group

With Pre-filter

With Cyclone

## ✓ Safe working at height

Designed to make servicing safer and easier - minimising risk and ensuring maintenance is quicker and more accessible.

## ✓ Flexible use

Ideal for dynamic shop floors and changing production layouts.

## ✓ Extended service intervals

Cyclone option helps reduce filter maintenance.

## Flexible extraction for changing production environments

One stand.  
Multiple machines.  
Maximum efficiency.
